THE WORLD IN WYOMING

GILLETTE TO HOST WORLD'S HORSESHOE PITCHERS

AND YOU SHOULD BE AMONG THEM

ENTRIES CLOSE MAY 7

If you're ever in your life going to make the WORLD Tournament, this is the year — 1996. Make plans now. Block off some time in your busy appointment book. The WORLD of horseshoes will never be closer unless Idaho hosts it and that seems unlikely in the foreseeable future. Don't miss the opportunity to see pitching the way you would like to do it. See these guys you've only read about. Are they really that good? Remember too, this is not just a spectator sport with you. You'll be a participant, part of the action, in one of the outstanding sports events of the year. Pitch against folks from all over the country, this is where great friendships are born. Don't let another day go by before you sign up. About half of the membership make the State Tourney, half that many should make the WORLD as close as it is — even closer than Spearfish. Certainly 25% of the Idaho membership should make it to Gillette.

Gillette is a city of about 20,000 souls, it is a busy tourist attraction in summer and motels and RV campgrounds fill up early so don't put off making your reservations, if you haven't already. The World Committee has set up some very favorable rates so be sure to say you are a horseshoe pitcher when making your reservations. Don't delay. If you have any questions about accommodations call (307) 682-0552. A list of those recommended appears elsewhere in this issue. There's lots to do and see not only in the Gillette area but on the way to and from — going and coming is half the fun. Idaho should be well represented at Gillette.

WORLD LODGING GUIDE

Make your reservations as early as possible by calling the following recommended properties direct. In all cases, be sure to ask for the special horseshoe pitcher rate which applies July 21-August 4.

There is a WORLD ENTRY BLANK in this issue.

YOU should use it!

Notes from the North Forty of the President's "Poor Farm"

Now that winter has come and gone, it's time to dust off the old horseshoes.

We are all aware of the World Tournament in Gillette, Wyoming July 22 nd through August 3rd. Let's get our vacations lined up and our reservations made now. It is later than you think.

There is an entry form in this issue of FOUR DEAD! If you need extras call our State Secretary-Treasurer, Bonnie Stutzman at 1-208-532-4452 or me at 1-208-324-2201. Read entry carefully. Cut off time is MAY 7, your entry must be postmarked no later than that date. You must have your 1996 NHPA Card and Number so contact Bonnie immediately. Even if you will be unable to make the WORLD, get your card today. Bonnie will not be making every tourney.

Contact the State Statisticians at 1-208-733-4387 to verify your percentage. *Ralph "SANDY" Roebel*

You wont know when you pitch until all entries are in. After talking to our representative it seems that generally those under 50% pitch the first week.

This year to be eligible to pitch in our State Tournament you must have pitched in two sanctioned tournaments.

Our Secretary-Treasurer is sending a copy of the National Rules with each 1996 National/State card.

- See you at the pits,

Henry Reid

President, Jerome

A Report from Boise by the Assistant Regional Director

Well everybody, it is about that time of the year again, time to get out and warm up those shoes. I have not practiced near as much as I would have liked but never the less am looking forward to an exciting 96' season. I would also like to challenge everybody this year to try and get a NEW person exposed to the sport of horseshoe pitching and maybe we can get the attendance up in all the tournaments. I would also like to encourage exposure to our juniors. As alot of you know who went to state in Jerome last year, our juniors were not represented very well. ~ challenge all individuals (especially the Directors) to try and help increase our junior program.

As your A.R.D. (assistant regional director) it is my duty to try and help as much as I can in the sport of horseshoe pitching. There are alot of people out there that I still have not met and will look forward to meeting and talking with you throughout the year(s) ahead. One of my main goals here in Boise is to expose the sport thru extensive advertisement in the "Recreation Magazine" that comes out every Thursday in the Idaho Statesman. The advertising is free and there is plenty of space available. I encourage all the Directors in the Treasure Valley area to utilize this usefull tool. I also work for Micron Technology in Boise and have talked to alot of people about the sport. Before I forget, I would like to send out a special Thanks to our newly elected Vice President Jess Lyda for the envelope of goodies that he sent out to all the directors. For those who do not know what I am refering to, Jess (probably with some help) sent out an envelope of flyers to help advertise our sport. I for one have taken the small cards with the provided information, included my name along with my phone # and added Bill Travis and his phone # as contacts. We are trying to hand them out on a frequent basis to get more people exposed to the sport.

I would also like to remind everybody who is planning on going to the World Tournament in Gillette this year that you must have a minimum of 4 sanctioned Tournaments in since (I believe) the first part of August (of 95'). If you are lacking a sanctioned tournament or 2, my first tournament this year (which is usely non-sanctioned) will be sanctioned. That tournament is on April 28th. Also Rupert has a sanctioned tournament on May 4th. Your entry form must be submitted and post-marked no later than May 7th 1996.

To prepare alot of people who are

Report *continued*

planning on going to the World Tournament, I will be having a sanctioned tournament on June 30th (in Boise) and will be measuring and weighing all horseshoes of every participant. I feel that we need to prepare everybody who plans on going so there will be NO surprises when getting there. I also will be adding an extra \$ 1,000.00 in prize money along with \$ 15.00 for the highest percentage game in each class. First place will also receive a horseshoe carrying case and all participants, scorekeepers and bookkeepers will receive a free woodworking item. There will also be alot of items to raffle off. I would like to encourage anybody that can to attend this event. I hope to make this one of the premier Tournaments of the year from here on out.

Well I'm sure all of you are probably wandering when this guy is going to finish. Well in closing I just want to say Thanks to all of you for making this a fun sport to participate in and I look forward to seeing all of you at the pits.

Good pitchin'

YOU MUST REGISTER THE THURSDAY BEFORE THE TOURNEY

When you register on Thursday you have every right to expect your card to be ready and the pitching to commence at the advertised time.

The numbers following the cities on the above table indicate the Director running that tourney and the person you must register with. See Directors list page 4.

YOUR 1995 -1996 RINGER PERCENTAGE

The first figure is the percentage you started with in 1995 and the figure you ended 1994 with. The second figure is your percentage to start 1996 and what you ended 1995 with. Did you improve? Are you slipping back? You have got to practice to improve -- of course you know that. It's just doing it. The secret is practice, practice. For those who had no 1995 figures, their starting 1996 percentage is listed on page 7. All of this data comes from the State Statistician to whom we all owe a great debt of gratitude.

Sorry about that

FOUR DEAD! should have been out the first of April but have had considerable problems with the computer and the printer. Any of you who have fooled around with computers know how frustrating they can be when they set their mind's to it. You press a couple of keys and what you have every right to expect to happen because it has happened a thousand time before, does not happen. There seems to be no explanation for it. My laser printer will print Word but will not print PageMaker which I use to get out FOUR DEAD! So I will be printing this with my ink jet printer and you will be able to see the difference -- if I do get it printed. Of course if I don't get it printed, you wont see the difference.

NEW '95 MEMBERS 1996 BEGINNING PERCENTAGES

You'd think with all these fine new members we'd really be growing but we lose as many as we gain. You don't get ahead that way.

IF WE ALL DO A LITTLE, WE CAN DO A LOT

As in all organizations there are those who give and those who take . . . those who pull the wagon and those who ride, as Phil Gram likes to say. We have two fine examples in this issue of those who give, those who pull the wagon, those who promote Idaho horseshoes. One is an old timer, been in the game for years, lives up in the panhandle, the other is a young fellow, a newcomer just getting started, lives in the southern part of our state but they both firmly believe that if you get something out of a sport — friendship, enjoyment, exercise and pleasure — you ought to put something back into it.

The first man, of course, is Jess Lyda of Orofino. Elected vice-president at last year's Annual Meeting at Jerome he didn't wait 'till until summer when his term officially starts but immediately started to figure out what he could do to improve Idaho horseshoes. He thought increased membership would be helpful and set about trying to see how he could get that job done. During the middle of the winter and at his own expense he had some posters printed up on cardboard and sent copies to all the directors to be placed where they might do the most good. He also had some cards printed up to be passed out. There are illustrations of the poster and the cards elsewhere in this issue.

The second man is our Assistant Regional Director, (working with Director Rick Rebman) David Spears of Boise. He was awarded the Outstanding Director's Award in 1994, only his second year as a Director. He bounces around all over the state promoting the game, putting on great tournaments with added money and prizes and gifts many of which come out of his own pocket. He too realizes the importance of increased membership in Idaho Horseshoes. It's true, if we all do a little, we can do a lot. We usually pick up somewhere around 40 new members a year (20%) which isn't bad but we also lose about 40 a year too and that's not good. Just get one new member and don't you drop out.

Ted Allen's PITCHING TIPS

- 1. GOOD HORSESHOE PITCHING** depends upon grip, stance, swing and follow through. Stand with body relaxed and sight through horseshoe until you see the stake in a straight line with your pitching arm and your shoe.
- 2. THE PITCHING ARM** should go back in a free and easy swing. As the arm goes, shift weight to the right leg and bend the knee slightly. The arm moved back until almost straight behind the body with the entire body coordinating with the swing. Eyes watch the target.
- 3. STEP FORWARD** with the left foot as the arm swings forward and up. Unless the arm comes forward in a straight line, the shoe is released at an angle. This may be the beginners worst fault. The arm swing should be that of a pendulum.
- 4. RELEASE THE SHOE** high enough for a good arch. It should be between 8-10 feet above the ground at highest point and should be released easily without flipping the fingers. The shoe is freed when it reaches the aiming position.
